- 8 If you want to change the password that was automatically generated, please click on “**Password**”.

- 9 Please first enter the password we sent you and then enter and confirm the new password you wish to use (note your new password must contain a minimum of 8 characters with at least 1 numeral, 1 uppercase letter, and 1 lowercase letter). Please save the new password.

A screenshot of a mobile application's 'Your password' form. The form has a white background with a grey header area containing the title 'Your password'. Below the header, there are three input fields, each with a red circle around it. The first field is labeled 'Your password \*'. The second field is labeled 'Your new password \*'. The third field is labeled 'Confirm your new password \*'. Below the second and third fields, there is a small text box containing the password requirements: 'Your new password must contain a minimum of 8 characters of which at least 1 must be numeric, 1 uppercase letter and 1 lowercase letter. Example: Abcdef12'. At the bottom of the form, there are two buttons: a 'CANCEL' button on the left and a 'SAVE' button on the right.
